IMPORTANT INFORMATION FROM AGRISETA

To the Pest Control Industry

Dear Sir/Madam

“DRAFT RESEARCH”

“” WE NEED YOUR INPUT””

The AgriSETA was established as a Sector Education and training Authority in 2000. The mandate of the Seta is to provide for training and development in the agricultural sector to align to the objectives of the National Skills Development Strategy.

As Pest Control SSC (99033) forms a small part of the entire sector it is essential that we gather the information below in order to prepare for the needs of the industry over the next 2 years.

This research is critical to ensure;

1. That quality, relevant and up to date data is obtained.
2. That collaborative approach to skills development is taken
3. That the seta has an in-depth understanding of the labour market issues in our sector.
4. Become a credible and authoritative voice on skills,
5. And many more...

Therefore I would **appeal to you to please** assist us in gathering this information for **your input** will ensure that there are funding available for training and development in our Sector SSC.

Please would you extend a few minutes of your precious time to complete the table below, this will benefit us in the planning for 2016/17.
