MARCH  
2017

**SAPCA:**

**Membership-Billing Cycle change  
for 2018  
&  
PestBiz 2018**

Dear Members:

*In the spirit of "Fore-warned is Fore-armed".*

Our August 2016 issue of PESTNEWS, and again in the November 2016 Issue; carried reference to SAPCA billing alignment so that items like Skills Development Levies (SDL) could be aligned with respective; March to February Tax year considerations for business.

This section of the bulletin is a reminder to prepare for the billing cycle change for 2018 in this regard.

**This 2017 year: (7% Increase).**

Members will receive the June 2017 billing Invoices as per the current cycle, (increase of 7%), and we will continually send regular reminders to budget and allocate funds for March 2018 payment.

Expect to receive notifications and billing invoice during January and February 2018 for payment in March 2018.

- (Membership cycles will thus be: **1<sup>st</sup> March 2018 – 28<sup>th</sup> Feb 2019** and for each respective year thereafter).

## **PESTBIZ 2018:**

Our sincere thanks to the Conference Portfolio Committee handling PESTBIZ, and for the attention to detail and presentation work put into reporting on this important event in our Industry calendar.

Supporting and acknowledging the recommendations by this committee, SAPCA will host a 2018 PESTBIZ and given the attention to detail from the committee, it promises to be one to be remembered. *(Our thanks to Marelize and Joubert)*

**Mark your Calendars' for 2018, ..... More information to follow**

*On the lighter side: "it could be argued that Octopi are by default doubly-four-warned"*

Colin Jardine - CEO
