

SAPCA Vision

The Professional Association for the South African Pest Control Industry acting in the interest of our members.

SAPCA Mission

To foster professionalism and ethical conduct among our members
 To liaise with government and other institutions on behalf of members and the Pest Control Industry
 To establish minimum standards to protect the safety & health of the public

Pre and Post Construction treatments?

Subterranean and Harvester termite infestation.

Discussions with various role players in the termite treatment industry are indicating that termite infestations are becoming a real concern in buildings throughout the country. Especially with new outbreaks in the Western Cape and Eastern Cape regions. Discussions with the NHBRC is ongoing to address this issue. SAPCA is planning to create a dedicated list of Pest Control companies that specializes in pre-construction soil barrier treatments.

More information will follow.
